

# TREATMENT BY FRACTURE LOCATION

## TREATMENT BY FRACTURE LOCATION

In general, the principles of treatment described above are dependent on the fracture location: diaphyseal, metaphyseal and intra-articular. Table 32.11 outlines some indications for operative stabilization. TREATMENT BY FRACTURE LOCATION

In general, the principles of treatment described above are dependent on the fracture location: diaphyseal, metaphyseal and intra-articular. Table 32.11 outlines some indications for operative stabilization. TREATMENT BY FRACTURE LOCATION
